

Family - What exactly does that word bring to mind? Good, happy memories? Indifferent, or maybe even painful ones? Jesus talked about his followers as his family, and gave a simple command - "Love one another". It sounds so easy, but...

Why not explore with us what exactly does it mean - to be part of God's family, under the heading, "**We are family!**" And if we can get our family relationships right, then what difference could it make to our wider community?

Join us one Sunday morning, at 10.30a.m., and stay for refreshments afterwards.
